

THE PRINCE OF PEAS

**Sylvia Chausse and

Berbay, \$29.95**

A superb twist on
Hans Christian
Andersen's *The
Princess and the
Pea*, this has a royal

rabbit looking for her prince. But just when she dares to hope for true happiness, her potential prince fails the pea test. As clever as the rhyming story is, it's the stunning collage illustrations that make this book special. Anne Letuffe creates a delightfully detailed and whimsical world.
